WASTE NOT HUNGER NOT

Food Angel is a food rescue and food assistance program launched in 2011 by Bo Charity Foundation with the mission of "WASTE NOT, HUNGER NOT."

Our program rescues edible surplus food from different sectors of the food industry that would otherwise be disposed of as waste. Following strict safety protocols, the rescued food items will then be prepared as nutritious hot meals in our central kitchen and be redistributed to serve the underprivileged communities in Hong Kong.

As of October 2014, we have served over **One Million** free hot meals to those in need.

<p>Meals Served</p> <p>1,030,000</p> <p>We have served 1,030,000 hot meals since March 2011</p>	<p>Food Rescued</p> <p>752,600</p> <p>We have rescued 752,600 kg of edible surplus food from going to landfills since March 2011</p>

Food Angel Community Outreach Service - Deliver Food, Deliver Love -

92-year-old Granny Foon lives alone in a shabby flat

Granny Foon, a 92-year-old singleton who lives alone in the unsettling quietness of a shabby flat. Suffering from serious humpback problem but with no relatives taken care of or no one to talk to, Granny's battle with poverty and loneliness appears to be endless.

Food Angel Community Outreach service becomes Granny's greatest comfort since our launch last summer. Granny always greets our outreach team with overjoyed smiles when we deliver the nutritious hot meals, soup and food packs to her home.

There are close to hundred thousand elderly living alone in Hong Kong and Granny Foon is just one of the typical cases. Besides poverty, the challenges most deprived elderly face are health degeneration, social isolation and the worst - loneliness. Some of them are abandoned by their families and lose the privileges to enjoy their golden years with their beloved families, and struggle to survive in a harsh environment with very limited resources and support.

In view of the need, "Food Angel" launched the "Outreach Angel" Community Outreach Food Assistance Program in June 2013. Our outreach team provides direct food delivery services and regular home visits to the singleton and physically frail or disabled elderly five days a week. The regular visits help us understand more of the special needs of our beneficiaries.

Apart from poverty, loneliness is the toughest problem that face by the elderly

Commission of Poverty stated that one out of every three elderly people is poor

Most elderly living alone desire to receive more attention and care. Food Angel outreach services not only deliver the food to nourish their stomachs, but we also deliver our care, love and respect that nourish their hearts.

Food Angel's Food Safety and Quality Control

Today, Food Angel rescues 4 tons of edible surplus food and re-distribute 4,600 hot meal boxes and food packs to the needy in the community everyday. Food safety is always the ultimate concern of our operation : from food collection and screening to meal preparation and delivery; we strive to make sure every step of the food-handling procedure is in compliance with the highest food safety standard.

In addition to following a set of strict Food Safety Protocols, our hot meals are sampled for laboratory test on a daily basis. As always, Food Angel will be in effort to do our utmost for our beneficiaries' nutritional needs and well-being.
